PERSONAL PROFILE

I'm a Junior Developer with a Diploma in Full Stack Software Development. Proficient in HTML, CSS, Javascript, and Python. I love creating beautiful, thoroughly tested websites with clean, maintainable code and detailed, accurate documentation as demonstrated in my portfolio projects.
With over 10 years of experience in Aviation Security, I have demonstrated my excellent communication and teamwork skills, safeguarding and interacting with passengers and stakeholders whilst maintaining keen attention to detail.

KEY SKILLS

- Languages: HTML, CSS, JavaScript, Python
- Databases: MySQL, MongoDB, PostgreSQL
- Libraries: REACT, jQuery
- Version Control: Heroku, GitHub, Git
- Frameworks: Flask, Django, Bootstrap, REST

   Technologies Used - HTML5 , CSS.

WORK EXPERIENCE

March 2014 – Present
Airport Security Officer - Gatwick Airport, England

- Demonstrating excellent attention to detail screening 100's of items/people and vehicles daily to accurately identify threats or points of interest to safeguard passengers and stakeholders.

- Showcasing interpersonal and communication skills communicating with people from all over the world, including colleagues and customers.

- Fostering a fantastic sense of teamwork working in both small and large teams. Helping each other is the key to providing the most effective and efficient service.

- Maintaining expertise in all aspects of the job by online and in person training throughout the year, always making sure my skills are up to date and relevant.

Further work history on request.

ADDITIONAL LEARNING

- Currently learning Figma - UI UX Design
- Gained an understanding of working in a SaaS environment during my diploma, communicating with tutors, mentors and students whilst learning online using tools such as slack and google meets.
- DNXCT for screening cabin baggage
- Baby and Paediatric First Aid qualification - udemy

INTERESTS

- Graphic Design -Skilled in GIMP photo editor - I enjoy creating and designing.
- Slack Forum - Supporting fellow students through their learning journey.
- Keeping fit - I've recently created a workout journal website to pair my love of code and fitness - workout-journal
- The Outdoors/Playing with my kids!!
